Cisco DX80

Product Overview

Discover a delightful new approach to working that is simple-to-use and offers a no-compromise collaboration experience. Upgrade your desktop with a virtual collaboration experience so stunning you will feel as though you and other participants are in the same room. Say goodbye to desktop clutter with a sleek Cisco® DX80. Say hello to all-in-one desktop collaboration featuring high-definition (HD) video, unified communications features, a display for your laptop, and expanded capabilities. The DX80 offers:

- A dedicated, always-on 1080p HD video communication system
- An IP phone that registers to Cisco Unified Communications Manager (UCM) call control
- A high-quality audio system for speakerphone
- A 23-inch 16:9 screen that provides an engaging experience for video calls
- A multitouch capacitive touchscreen that provides an elegant and powerful user interface
- A self-provisioning device that is simple for users to take out of the box and start using quickly
- Ability for administrators to use Cisco Expressway or the built-in Cisco AnyConnect® VPN for the secure connection of their remote workers
- Flexibility for administrators to limit the feature set to core collaboration features or to add features enabled by the security-enhanced Android operating system
